MORE DONE, LESS REDONE

ALICE HOUSEKEEPING

Enable your housekeeping department to be in constant communication. Mobile functionality for managers, supervisors and room attendants allows users to send and receive requests from each department, wherever you are on property. With housekeeping integrated into your hotel's PMS, you can enjoy a bird's eye view of available rooms, gaining instant insights into room status.

Room Assignment

Decrease the time it takes to assign rooms with a digital interface and auto room-assignment.

Mobile Reassignment

Alter and update staff assignments without the hassle of radios or going back to the office.

Rush Rooms

Allow for the unexpected with the ability to rush rooms.

Real-Time Two-Way PMS Integration

Get up to the minute updates on the status of rooms.

Productivity Reports

Robust reporting provides insight into this complex department.

ALICE HOUSEKEEPING

Save Time

Improve staff productivity with automatic room assignment and board creation.

Decrease the Wait

Dynamic, mobile reassignment ensures early-arriving guests get their rooms the moment they are ready.

Improve Communication

Everyone in the department can see exactly what information they need to get their jobs done, whether that's which room to work on next, what rooms need inspection, or how the entire team is performing.

Gain Transparency & Accountability

Use a single view to track the progress of room status and room attendants to report on both individual and team efficiency.

> We needed one tool to connect all our departments and a means to access critical operations data among all Coast properties. ALICE Housekeeping, as a part of the whole ALICE platform solution, gave our team members time savings, improved communication, and accountability."
